Tiffany Garden

It seems like a world away now, but just a few short weeks ago I was basking in the sun at a luncheon for the opening of the Tiffany & Co. Celebration Garden in Grant Park. With a \$1.25 million gift from [Tiffany](#), the local nonprofit [Parkways Foundation](#) hired [Hoerr Schaudt Landscape Architects](#) to renovate Grant Park's south rose garden. With stunning views of Buckingham Fountain and the skyline, this two-thirds of an acre site is available for private events.
